REPORT OF SCHOOL COMMITTEE.

To the Citizens of New Ipswich:

We are glad to be able to report the schools of the town as in good condition, and as having made very commendable progress. The ample means so generously voted by the town, added to our permanent funds, have made it possible for us to provide well for all pupils. The new statute has stimulated the more advanced scholars to attend the Academy, and so they have had better privileges. While we miss them from their places in the common schools, we rejoice in their opportunity and intention to make still better advancement.

We have sustained six schools and had three full terms of twelve weeks in each. One only of the teachers is from our own town and we were very glad to get her with her long experience and previous successful service. With this corps of efficient and thoroughly conscientious teachers, at all times manifestly interested in the work, much good work has been done. We believe that much more might have been accomplished had the parents in all instances been equally interested.

The average attendance for the year has been low. It is well known and we appreciate the fact that illness, bad weather, and the legal constraint of the Board of Health, have in a measure been responsible, but we fear that more often scholars have failed to realize the importance of prompt and regular attendance every school day. May we sincerely hope that the coming year will show a marked improvement in this regard?

The treasurer's report will show amount expended for transportation of distant pupils. Fortunately only a few needed help,

but to such it has been promptly granted. One of such came to Center school, one to Gibson school, and three to Bank Village, these latter taken in team from home regularly as soon as they notified us of their arrival in town.

We recommend that instruction in music be continued, believing it to be both profitable and pleasant.

The retiring member of the school board takes this opportunity to thank the parents and friends for their kindness and consideration, and also to assure them that her interest in the schools will not cease with the expiration of office.

Respectfully submitted,

HATTIE P. MCKOWN,

CHARLES WHEELER,

WM. R. THOMPSON,

School Board of New Ipswich.
